CUT on the dotted lines

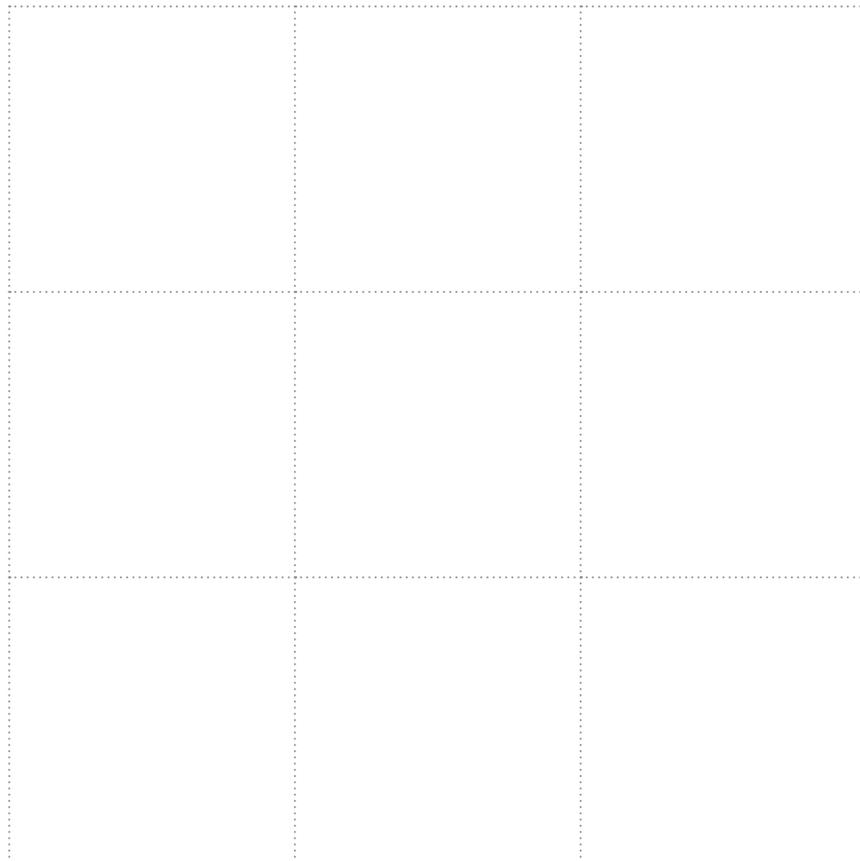

Shape cards

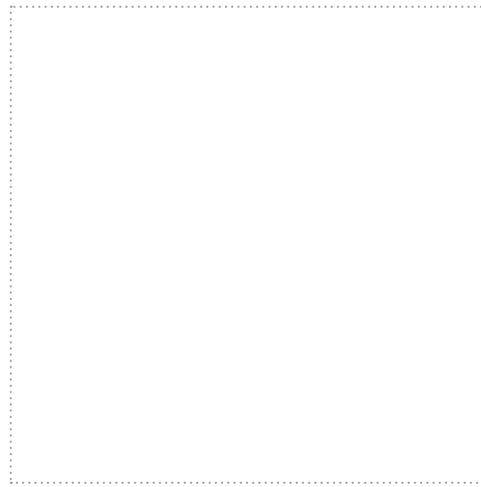

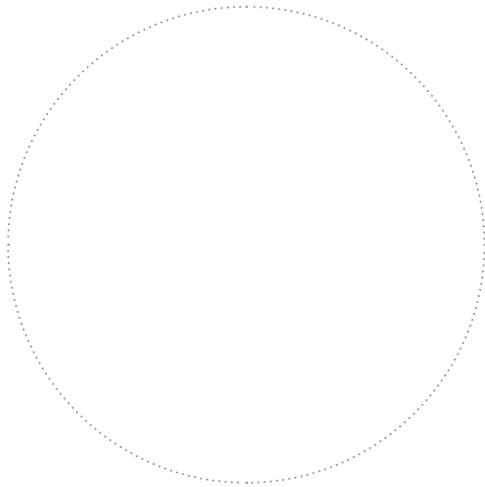

~ 1.5 inches

Blank cards

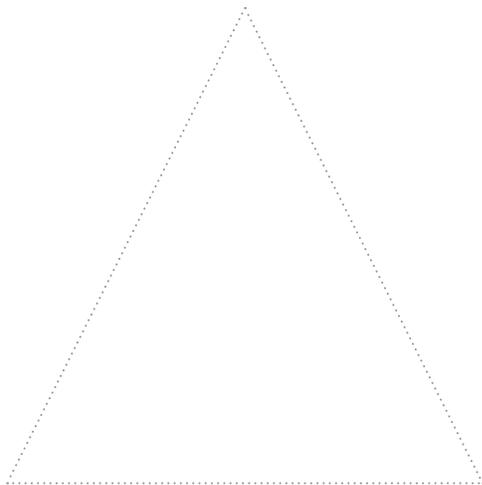

COLOR swatches with
crayons/colored pencils to
correspond with the three
colors you are using for the
cut-out shapes.

CUT on the dotted lines

~ 2.5 inches

Shapes

Use this as a template to create 3 sets of these shapes, for 3 different colors of paper. You can use 3 different colors of construction paper, or use crayons/colored pencils/paint on white paper.

So in total, you will have 9 cut out shapes (you can create extra if you would like to set up multiple statements at the same time.)
